

WE ARE SURE THAT EKANISA IS THE TOOL YOU NEED IN YOUR CHURCH

The system is extremely relevant to you, whether you are an Overseer, Rev/Bishop/Pastor, Administrator, the Church Leadership, the Treasurer, the Secretary or part of the congregation.

We have mentioned a few of the items you will encounter while using the system:

Pastoral Role:

- eKanisa allows you to add members that may have gotten saved in Crusades or Missions, even though they may not be part of your congregation, for follow up. eKanisa will then assist in assigning these new believers to leaders, who give reports on the new believers periodically. The system will also auto send verses to encourage and strengthen them.
- eKanisa has a Pastor's/Reverend's/Vicar's/ Bishop's Section that has simplified the whole system and bundled it into one page so that they are able to access the major parts of the system from one interface. They can also add the service they preach every week and it will be auto uploaded and update an online blog.
- eKanisa allows the preacher to write the sermon Outline and Message into the System Database. After a service, the Outline and Message are sent to every Member via SMS and Email respectively. This ensures that every member receives the sermon preached, whether or not they were able to attend a service.
- Any Member can request for any sermon/ preaching from the system, even if it was preached a long time ago.
- In lieu of Printing Brochures, eKanisa is able to send Announcements, Weekly info etc to every member via SMS and Email, in the morning of every Sunday, so that Members already know the plans and changes every week.
- Sending SMS Notifications whenever People Pay Tithes, Give Offerings, Honor Pledges etc goes a long way into making Members feel appreciated and accountable. These SMS are personalized, and they mention the amounts received.

SMS Functionality

- eKanisa allows you to send SMS messages to your members using a computer even when you do not have the internet.
- The sent messages are very cost effective, ie, you can send up to 25 messages using only 1 shilling.
- eKanisa will allow you to send messages to individuals, groups, departments, districts/Cells etc. The messages will include their names (are personalized).
- eKanisa can be auto set to send SMS messages to members on their birthdays wishing them a good one;
- When Members Tithe, Honor Pledges etc, eKanisa Sends Notifications to them, thanking them and notifying them that their contribution was received
- eKanisa will also send Messages at the beginning of every month notifying members about the events expected that month.
- Ability to send Messages Online. These messages are branded to include the name of your church as the Sender ID

Members' Details

- You are able to manage member details effectively, their families, their contacts, religious, professional information etc.
- Add and follow up Visitors who visit the church on a service, Office Day, Confidential Info
- eKanisa also manages Children, Infants etc; Church School/ Sunday School, Baptism dates, activities etc.
- You can add members and link them to their families so that it is easy to generate family trees, Funds drives per family, do family activities and so much more.
- Members that Have Passed On are also Managed, Member Transfers etc
- You can generate member Reports, showing their families and much more information
- Members of your congregation can now log in online, update their data, look at upcoming event dates etc

Services and Projector

- Visitors who attend services are well managed, auto communicated to and followed up. People who come to see the Pastor/Reverend/Bishop/Vicar on the office day are also managed, looked up, notified on relevant information etc.
- We have added the English, Swahili, Kikuyu and Other Vernacular Bibles to the Projection Module, so that you can switch between desired bibles and compare verses at will.
- The System can generate and Project any Announcement, and will auto include contacts and the image of the person to be contacted with regard to the announcement. This will assist any interested member to know who to contact for the same.
- We have also added a lot of songs from common song books eg 'Sifuni Bwana', 'Praises To The Most High', 'Nyimbo Cia Kuinira Ngai' (Kikuyu), 'The Golden Bells', 'Tenzi Za Rohoni' among others. You are also able to add any other songs through the system. These songs are available for projections at any time.
- Ability to Project Collected Offerings, Prayer Cell Meeting dates and Venues etc

Accounts and Finances

- eKanisa enables you to manage Offerings, Tithes, Pledges for Individuals, Groups and Cumulative Collections.
- The Collections will be posted to the Relevant Books of Accounts, and Thank You Messages Sent to the Givers.
- One can then generate graphical analysis of individuals, everyone, groups etc and view progressive contributions.
- eKanisa also enables you to Manage Your Budgets under the Relevant Vote Heads, Manage Its Progress, Track Speed of Usage, Generate Reports and More.
- You can also create and POST Transactions and management.
- You can also Post Invoices, Allocate Cheques, Manage Creditors, Bank Reconciliations and more
- Bank Account, Petty Cash Account and Cash Account flow management, Do Bank Reconciliations.
- Ability to view final reports, Trial Balance, Balance Sheets, Periodical Incomes and Expenditure Report, Generate Journals, General Ledgers, Drill Down Trial Balance etc

Church Calendar and Project Management.

We have a simplified, yet powerful tool to manage your projects so that you can easily add pledgers, add budgets and all other finer details. As the project continues, the system amicably shows reports on budget usage progress, timelines, pledge honoring among others. Pledgers are notified whenever they pay part or all of the amount.

Other Areas:

- Ability to manage Classes and Learning eg School of Ministry, TEE, New Believers Class etc; Management of Completion, Learning Material, Sending via Email etc
- Ability to manage your projects, till completion; including the source of the money involved, budgets and honoring of the same.
- Ability to manage group Activities and the Church Calendar. The system updates all members on the events expected at the beginning of every month via SMS and Email.
- Ability to generate and print any reports in real time.

We may not be able to fit in all the functions of eKanisa in a document.
We are available and ready to do a demonstration anytime.
